

50 cent Fares for Regular Adelaide Metro Trips

50 cent Fares for Regular Adelaide Metro Trips

Providing cheaper public transport.

.....

South Australians are doing it tough right now. Bills are climbing, fuel is expensive, and the cost-of-living crunch is having a real impact on families.

We will provide immediate cost of living relief to thousands of South Australians by reducing regular Adelaide Metro fares to 50 cents.

Student 28-day passes will remain at \$10 and South Australian Seniors Card members can still travel for free on Adelaide Metro buses, trains and trams – all day, every day.

This will provide South Australian families real and practical savings. A family of two parents and two students could save up to \$100 a week for daily travel.

Our plan will increase the usage of our transport network, a downturn in fare evasion, less traffic, and help the environment.

This is part of our plan for a more affordable South Australia.
